Q: Adding data to drupal7 form element via html I'm trying to add the following data to a drupal7 form: Your First Name: Your Last Name: When I use the following code it goes to this url: 1) What is the form_id that is defined in my form element? 2) How can I use jQuery to append data to this input element? If you'd like to see my entire JS/jQuery I'll post that after this question. A: At some point form_builder() function returns an instance of DrupalFormBase. It can be used later, to access the form id, and make it available in your jquery handler: function form_builder($form_id, &$form_state) { $form_id ='my_form_id'; //...other code here } function my_js_handler(){ $form_id = $('#' 1cb139a0ed
